C (7 POINTS)

Listen to a discussion about biometrics between Harry Reasoner and Audrey Jacobs.

Please fill in the gaps in the sentences below with the correct form of the key word or key words. Use one or two words. You now have one minute to read the sentences below.

Harry Reasoner is interested in *future* passwords.

1. This year, credit card and iCloud information was stolen by computer thieves.
2. Engineers want to use the parts of the, instead of passwords, for the safety of our data.
3. There are many possibilities for these human passwords. There are quiet ones like the on your nose, as well as loud ones like your heart.
4. In Toronto some are trying to make a product that uses the beat of a person's heart to access their electronic equipment.
5. The fact that nobody has the same heart in shape, sound or location could make them the best, but also the password of all.
6. The engineers also want to make a smart, like a smart home that recognises you without a password whenever you enter it.
7. In the future we won't have to our shoulders to prevent hackers and thieves from seeing our passwords.
